2023 Spring Clean-Up: FREE Bulky Item Collections: May 15th - 19th

Twice per year, NASA offers residential customers the ability to place unlimited amounts of Bulky Items at the curb for FREE. These collection events are designed for residents to dispose of larger items that don't generally fit into the recycling, green waste, or trash bins. NASA collects these materials and recycles or properly disposes of them.

Search the Calendar on the City web site for more information on the dates of each clean-up event: CityOfLCF.org/Calendar!

Clean-Up

NASA encourages the donation and refurbishment of items first, before disposing of them. "One man's trash is another man's treasure," and many valuable resources get tossed into landfills that could have been salvaged and reused.
